

## Cocktails – Golden Babycham

This is a very simple, but elegant cocktail, which will add a touch of sophistication to any event.

### Equipment.

#### Glassware

Babycham Style Vase (H50 x Di top25 x Di mid 34cm)

Mirror Plate 30cm

#### Silk Flowers

1x Orchid spray.

#### Floral Sundries/Accessories

Fleurplus Vase Colours - Pink

1 x 450g Prisma Ice - Gold

#### Wedding Flower Sundries

1x Ostrich feather

### Method

Tip the whole tub of Gold Ice into the base of the vase.

Slowly add water, in order not to displace the layer of Ice too much, until the desired depth is reached.

Slowly add drops of the pink colouring so you achieve a pleasing colour.

Cut two flowers from the bottom of the Orchid spray to rest on the rim of the glass.

Assemble the swizzle stick by taping the rest of the Orchid spray to the feather; you may have to trim the ends so that the swizzle stick rests across the top of the vase neatly.
