

Cocktails – Citrus Sizzle

The fragrance from these orange slices gives this cocktail a truly exotic 'flavour'. This would also work well with other fruit slices and floral sundries.

Glassware

A Cylinder Vase (H40xW14cm)

Floral Sundries/Accessories

Sisal - Yellow

Aluminium Wire – Yellow/Gold

Small Butterflies -Yellow/Cream

Gold Ting Ting

Bead picks- Copper

Orange Slices

Method

Use the sisal to loosely fill the vase.

Wind the aluminium wire around the vase in a spiral, attach two butterflies to the aluminium wire and then also add some of the copper beads, spreading them out to make a sparkler effect.

Slide orange slices down between the glass and the sisal, so you create rows of fruit between the spirals of wire.

Make the swizzle stick using the Gold Ting and the copper beads- again creating a 'sparkler' effect.

Tip

Sisal comes in a variety of colours; why not vary the colour of your 'alcohol' and swizzle stick to suit the occasion.
