

Tulip Treat

Simplicity itself! In the run up to a busy occasion such as Mothers Day here's a really quick and easy design that can be completed by your shop junior. Colourful, striking and pretty - easy peasy!

Equipment

Scissors

Ingredients

Yellow dotted jug

Enough tulips to fill the mouth of the jug

Raffia, in a toning colour

1. Take the tulips, arrange them in your hand to form a posy shape, if using 2 colours, alternate, so that the colours are well balanced.
2. Tie the tulips with a piece of raffia.
3. Cut the stems of the tulips so that they sit comfortably in the jug.
4. With the raffia, tie a bow, and attach to the tulips.
5. Fill the jug with water, change daily to keep the flowers fresh.
